July 4 Registration and Welcome Reception at Kempinski Hotel

July 5 Symposium at Shenyang Pharmaceutical University Library

- 08:30~08:45 Opening Ceremony
- 08:55~09:15 Bok Luel Lee, Pusan National University
Molecular recognition and regulatory mechanisms of innate immune responses in insects.
- 09:25~09:45 Kazuma Ogawa, Kanazawa University
Development and evaluation of radiopharmaceuticals for radionuclide therapy of metastatic bone pain.
- 09:55~10:15 Presentation from Shenyang Pharmaceutical University
- 10:25~10:45 Jee Hyung Jung, Pusan National University
New cystine knot peptides from a marine sponge *Asteropus sp.*
- 10:55~11:15 Akiko Hirayama-Shiratsuchi, Kanazawa University
Genetical analysis of cell wall components of *Staphylococcus aureus* modulating host innate immunity.
- 11:25~11:45 Presentation from Shenyang Pharmaceutical University
- 12:00~13:40 Lunch
- 14:00~14:20 Presentation from Shenyang Pharmaceutical University
- 14:30~14:50 Masaya Mizutani, Kanazawa University
Total syntheses of (-)- and (+)-goniomitine.
- 15:00~15:20 Yong-Hyun Lee, Pusan National University
N-succinylaspart-1-yl celecoxib is a potential colon specific prodrug of celecoxib with improved therapeutic properties.
- 15:20~15:40 Coffee break
- 15:40~16:00 Presentation from Shenyang Pharmaceutical University
- 16:10~16:30 Kanae Bekki, Kanazawa University
The toxicity of oxidated polycyclic aromatic hydrocarbons induced by chemical reaction and metabolism.
- 16:40~17:00 Jian Lin Li, Pusan National University
Bioactive chemical constituents of the marine ascidian *Herdmania momus*.
- 17:10~17:30 Presentation from Shenyang Pharmaceutical University
- 18:00~20:00 Banquet
