An Associate Professor position in Clinical Analytical Sciences at Kanazawa University, Japan.

The School of Pharmaceutical Sciences at Kanazawa University strives to enhance education and research in pharmacy. To strengthen the research organization promoting the research project "Sustainable Chemistry Research" listed in the pharmaceutical field, we invite applications for one position as an Associate Professor in the area of Clinical Analytical Sciences according to the following guidelines.

1. Position
   Associate Professor (tenured)

2. Job description
   (1) Education
   Lectures of general education courses of bachelor's programs. Lectures focusing on analytical chemistry, inorganic chemistry, clinical laboratory science, and radiopharmaceuticals, seminars, practical training, and graduation research at School of Pharmacy, School of Pharmaceutical Sciences, and School of Medical and Pharmaceutical Sciences (scheduled to be established in April 2021). Specialized education and research guidance for students at Graduate School of Medical Sciences. You may be required to teach classes in English.

   (2) Research
   Basic and applied research based on radiopharmaceutical sciences for developing molecular probes for diagnosis and therapy of various diseases.

3. Scheduled starting date of employment
   As early as possible after June 1st, 2021

4. Qualification requirements
   Applicant must have a doctoral degree.
   Applicant has to have enough experience in the field of molecular probe development and be able to promote high-level education and research.
   In addition, applicant has to be in charge of the above mentioned lectures and should be passionate about teaching at the undergraduate and graduate (master’s and doctoral) levels.

5. Required documents (1 copy each)
   (1) Curriculum vitae (A4 or US letter size with an attached photo and showing e-mail address and academic society you belong to).
   (2) Summary of previous research (free format within 3 pages of A4 or US letter size)
   (3) Plan and commitment to education in pharmaceutical sciences and research (free format within 2
(4) Achievement list (A4 or US letter size)

- Publications: Classify them into original papers, reviews, books, and list them in order of publication year (Mark the original papers for which reprints are to be submitted.). List the names of all co-authors in the order of publication, underline the applicant, and put a star mark on the corresponding author. For reference, the number of citations and the latest Impact Factor of the published journal should be added, and if paper is not peer-reviewed, please indicate that.

- Conference presentations: List only invited lectures at academic conferences, symposiums, etc. in chronological order.

- Acquisition status of research funds: Divide the research funds obtained over the past 10 years into the following categories: Grant-in-Aid for Scientific Research (KAKENHI), grants for public research other than KAKENHI, and research funds by companies and foundations, etc. List the funding name, name of the research project, duration, and grant amount. Also, clearly state the principle investigator or co-investigators.

- Educational achievements: List the educational experience at universities and other educational and research institutions, and the research guidance experiences at graduate schools, etc.

(5) Reprints or copies of 5 most significant research articles (photocopies are acceptable)

(6) The names, affiliations, addresses, phone numbers, and email addresses of two referees.

Applicants may be asked to come to Kanazawa University for interviews (including presentations in English). Applicants must bear the expenses incurred in that case. Submitted documents such as CV will not be returned. Personal information is protected by the relevant Japanese law.

6. Deadline for application

Documents must arrive by 5:00 p.m. (JST) on Thursday, February 25th, 2021.

7. Mailing address for submitting the application

All the materials for the application should be sent to Prof. Tsukasa Matsunaga, Dean, School of Pharmacy, Institute of Medical, Pharmaceutical and Health Sciences, Kanazawa University
Kakuma-machi, Kanazawa, Ishikawa 920-1192, Japan
Tel & Fax: +81-(0)76-234-4487,  E-mail: matsukas@p.kanazawa-u.ac.jp

The document should be sent with the red mark "Application to an Associate Professor position at Clinical Analytical Sciences" on an envelope.

8. Contact information

Prof. Kazuma Ogawa, Institute for Frontier Science Initiative, Kanazawa University Kakuma-machi, Kanazawa 920-1192, Japan
9. Others

*Kanazawa University is working to improve faculty members’ teaching skills in English and strengthen English education on the premise of increasing the number of subjects offered in English.
